REVENUE NOTIFICATIONS.

The following report on the working of the Madras Proprietary Estates' Village Service Act (II of 1894) and the Hereditary Village Officers Act (II of 1895) during the official year 1909-1910, with the appended statements, is published for general information.

2. *Statement I (Appointments made under sections 6, 10 and 11 of Act III of 1895).*—Out of 8,509 appointments falling under sections 10 and 11 of the Act, 796 were given to strangers, owing apparently to the absence of competent men in the hereditary families. The corresponding figures for 1908-1909 were 4,451 and 1,343.

3. *Statement II (Penalties inflicted under sections 7, 8 and 9 of Act III of 1895).*—There was an increase in the total amount of fines levied, and the total number of punishments inflicted during the year. This increase was mainly due to the fact that many Kuzumas were fined for the neglect of special re-measurement work in South Arcot.

4. *Statement III (Suits filed under section 15 of Act III of 1895).*—There was a slight increase in pendency at the close of the year notwithstanding a fall in the number of suits filed during the year.

5. (a) *Statement IV (Appeals to District Officers against punishments under sections 7 and 8 of Act III of 1895);*

(b) *Statement V (Appeals to District Collectors against departmental orders of appointment and against suit decisions); and*

(c) *Statement VI (Appeals to the Board against punishments under Act III of 1895).*—These call for no remarks.

6. *Statement VII (Appeals to the Board against orders of appointment and against suit decisions).*—Three appeals out of 125 were pending at the end of the year. In the majority of cases, the orders of the local officers were confirmed.

7. *Statement VIII (Proprietary Estates into which Act II of 1894 has been introduced and in which the establishments have been revised).*—This shows the progress made in revising village establishments in proprietary estates. The total number of estates in which revision was sanctioned up to the end of 1909-1910 was 2,609 against 1,716 for 1908-1909. No schemes were sanctioned in the Chingleput and Soler districts pending the completion of enfranchisement of village service lands in them.

8. (a) *Statement IX (Appointments under sections 9, 10, 11, 12, 13, 14 and 15 of Act II of 1894).*

(b) *Statement X (Punishments of Village Officers under Act II of 1894).*

11-3m-1

- (c) *Statement XI (Proceedings of Proprietors under Act II of 1894).*—These are nil.
- (d) *Statement XII-A (Appeals under sections 11 (5) and 16 (3) of Act II of 1894).*
- (e) *Statement XII-B (Appeals under section 24 of Act II of 1894).*—These are nil.
- (f) *Statement XIII-A (Appeals to the Board against orders passed under sections 11 (2), 15 and 16 of Act II of 1894).*
- (g) *Statement XIII-B (Appeals to the Board under section 24 of Act II of 1894).*—These are nil.

These statements call for no remarks.

9. *Statements XIV (A) and (B) (Statements showing the receipts and charges of the Proprietary Estates' Village Service Fund for the year ending 31st March 1910).*—The receipts of the fund during the year were Rs. 8,15,554-15-8 against Rupees 6,58,147-11-2 in the previous year. The opening balance was Rs. 5,63,616-10-0. The charges were Rs. 5,64,031-4-0 against Rs. 4,33,361-12-8 in 1909-1910 and the closing balance at the end of the year was Rs. 8,19,141-5-8.

10. *Statement XV (Enfranchisement operations).*—The enquiry in connection with the enfranchisement operations has been completed in all districts except Chingleput. Title-deeds are being issued.

11. *References to the Board under section 18 of Act III of 1895.*—Two references were made to the Board and disposed of during the year under report.

12. *General remarks.*—Acts II of 1894 and III of 1895 worked satisfactorily during the year. A general notification extending Act II of 1891 to all the remaining "proprietary estates" was published during the period under report under G.O., No. 2192, Revenue, dated 18th August 1910.

Board of Revenue (Land Revenue),

The Standard Barometer and Thermometer are read at 6 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The station of the Barometer is twenty-two feet above the level of the sea, and the maximum of the Rain Gauge is two feet from the ground. The wind, rain and general weather reported are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 44.42 inches, the average due for the season being 47.21 inches.

There were eleven calm hours during the month. The southeast corresponding to the above numbers is represented by a North wind, blowing with a uniform daily velocity of 100 miles.

The rainfall was 12.78 inches above the average for the month. Unsettled weather set in over the south of the Bay during the 5th, which slowly concentrated into a cyclonic storm during the next two days, the centre being at about P. 4.50 at Rangoon. It moved on a north-westerly course and crossed the coast near Madras in the 11th. It gave very heavy rain at and round Madras, slightly over seven inches being recorded between 5 a.m. on the 10th and 5 a.m. on the 11th. The maximum temperature at Madras on the 11th was 71° F. or 15° below normal. Another storm formed on the 11th, but passed on a northerly course as far and then in a north-easterly direction towards the Andam Coast crossing the coast near Alipat and giving heavy rain here. On the Madras Coast weather was fine at this time. Heavy rain was recorded again on the 16th of the month, and light rain continued on the 17th, when the weather set in wholly fine for the rest of the month. During this latter period waterfalls that were expected throughout nearly the whole of the Presidency, minimum temperature being in places being 10° below normal.
